Commission for Investigation of Conflict of Interests  
Mr Slobodan Lekovic, President**

Dear Mr. Lekovic

In the issue no. 137 of the magazine “Index”, published in January 2007, appeared an interview with Ms Vesna Medenica, currently the High State Prosecutor of the Republic of Montenegro.

The interview was conducted during the visit to her family house, and is illustrated with plenty of personal, family and interior photographs. Among them is a clock, luxuriously ornamented with details of Moscow and certain precious stones. The photograph is accompanied by an explanation, according to which the piece is a “gift from the Russian state prosecutor”.

**We urge you to investigate the circumstances under which the gift was received, its exact current location, value, and whether it was reported to your Commission.**

Attached you will find the original of the January issue of “Index” magazine with a note to direct your attention to pages 40, 41, 42, 43 and 44.

Looking forward to your official reply
