Podgorica, 28.04.2011.

The Bosniak Party and the Socialist People's Party support the establishment of RECOM

Representatives of the Coalition for RECOM in Montenegro **Daliborka Uljarević, Aleksandar Saša Zeković, Sonja Radošević and Mirela Rebronja** talked on 27 April 2011 with the president of the MP club of Bosniak Party **Suljo Mustafić** and the representative of the MP Club of Socialist People's Party, **Obrad Gojković**, in separate meetings, within the consultations with the parliamentary parties on the Initiative for RECOM.

Mustafić stressed the need of our societies for dealing with the past based on facts and evidence, because justice for those who have suffered the most have not been completed, nor trials in this direction have so far done much. For this reason and the goals that RECOM would achieve, this initiative has the full support of the Bosniak Party. Additionally, Mustafić wanted to know whether RECOM will deal with political accountability and responsibility of those who committed and inspired war crimes, considering that to be an important issue for Montenegro.

Principal standpoint of SNP, expressed by the MP Gojković, is also very supportive for the establishment of RECOM. He agreed with the representatives of RECOM that much more needs to be done in terms of examining the facts on war events in former Yugoslavia, and that it is a prerequisite for building better relations between countries of the region. For SNP the position of Kosovo in RECOM is still an open question and they believe that RECOM should not stop at the year of 2001, but to include the events of March 2004 in Kosovo.

Consultations on the initiative for RECOM with the parliamentary parties will continue in the coming days.

Mirela Rebronja, PR/Coordinator of the Initiative for RECOM in Montenegro
