Strengthening Youth Networks and Empowering Resilient Groups and Youth in Montenegro

CLARIFICATIONS

Question 1	Can a non-governmental organization that was officially opened by decision in early May 2025 apply for this Call for Proposals, given that if the project were approved, 12 months would have passed since its establishment?
Answer 1	The Guidelines for this Call for Proposals, under 5.1. clearly states that the right to participate is granted to CSOs that, among other things, meet the following criteria: that they have been registered in Montenegro ¹ for at least 12 months before the deadline for submitting project proposals and that they have their headquarters in Montenegro. This means that the 12-month period is counted from the date of publication of the competition, not its end.
Question 2	Are invoices related to the implementation of the project exempt from VAT?
Answer 2	Yes. Since this is a project funded by the European Union, the project, or rather the invoices related to project activities, must be exempt from VAT.
Question 3	Do the exact start dates of activities need to be specified in the project, or is it sufficient to indicate only the months?
Answer 3	It is not necessary to provide exact dates, but activities must be presented by month. It is important that the sequence and duration of activities is logical and realistic.
Question 4	Will there be additional calls for proposals under this programme?
Answer 4	Yes, we have planned one more call by the end of the programme.
